Youth Summer Basketball Camp For Kids Entering Grades 4-8th

About the Camp

The key to any successful basketball player or team is to be fundamentally sound in the basic skills. Players at the camp will spend time learning and practicing basic offensive and defensive skills. Basketball is also a team sport. Players will be shown how individual skills are used as part of a team. Players will be divided into teams to work on defensive and offensive skills in game situations. Included with their registration fee, participants will receive individualized instruction and a camp tee shirt.

The camp runs for four days, from 9:00-11:30am, and is for girls and boys entering grades 4-8. The dates of the camp are Monday, June 3, through Thursday, June 6, 2019.
