

**Rocky Mountain Lutheran High School  
Student Supply List  
2019-20**

School supplies needed for the 2019-20 school year:

1. Bible -NIV Translation - Concordia Self-Study Bible is a good choice as it has a concordance and study helps. Each student should have a hard copy so that he/she can take notes in Bibles, etc.
2. Chromebook - We are a "Google School", meaning that we use Google's Apps for Education software-over-the-internet. Google's Apps allow us to give each student and teacher access to e-mail, calendars, office suite, online storage, digital textbooks, class notes, etc. To access these apps, we require each student to own their own Chromebook. Many different Chromebook models are available. (Please see [www.google.com/chromebook/find/](http://www.google.com/chromebook/find/)), and more will be released this Fall. All of these models function the same way and any model will work well in the classroom; please choose the right fit and price point for your son or daughter.
3. Single subject notebooks for each class.
4. Loose-leaf, three-hole punched graphing paper and college-lined loose-leaf paper.
5. A one and a half-inch three ring binder for each class.
6. Book covers will be required for each hard copy textbook.
7. Writing utensils - pens and pencils.
8. A pair of scissors, compass, protractor, ruler and glue.
9. Each student should bring two boxes of tissue to the school office.
